CodeBetter   Oct 2023 - Jun 2024
Intern ReactJs Developer
Indore,India

Projects

- **Furnics**

Furnics is a visually appealing online shopping website for furniture enthusiasts. The website includes highlighting featured products, special offers, and latest arrivals to engage visitors from the outset.
Technologies Used - HTML, CSS, Bootstrap, RemixIcon

- **Portfolio**

As a frontend Developer, I strive to blend innovative design projects that resonate with audiences. In this curated collection, you'll find a showcase of my work ranging from web designs, animations, bootstrap and javascript projects.
Technologies Used - HTML, CSS, Bootstrap, Javascript, Jquery

- **Chat-Hub**

Developed a chat-based social media application using component-based approach enabling users to log in, log out, view a list of users, update profile, change password and upload post.

Technologies Used - React, routing, redux, axios
